

Policy Statement

Section 46a-68-78

CHRO Critique:

This section was found to be in compliance in the previous submission.

The proposals/recommendations were the following: The policy statement must advise employees of the existence of the agency's internal complaint procedure. (Section 46a-68-78(a)(6)).

Our Affirmative Action and Equal Employment Opportunity Policy Statement was updated and streamlined to create a more efficient, organized, and consistent policy. The updates included adding our agency's internal complaint procedure.
