

**WORKFORCE ANALYSIS**  
**Section 46a-68-83**

This section was found to be in compliance in the previous submission and there were no proposals/recommendations.

UConn Health reported the racial and sexual composition of the full-time employees for each office, position and position classification identified in the job title study on forms provided by the Commission on Human Rights and Opportunities. A separate analysis was performed for the full-time durational and part-time employees. The workforce analysis inventories the following:

1. Total agency workforce by occupational category with percentages of race and sex groups calculated for each occupational category and total workforce;
2. Total agency workforce by job titles within each occupational category;
3. Workforce in each labor market area by title and occupational category;

An analysis in this section reports the age groups of the full-time work force by occupational category in five (5) year increments. A report of full time the number of employees in the full-time workforce who have identified as physically disabled is also provided.
